  - Please submit a copy of each student's Individualized GATE Plan.

\*California GATE State Standard C.1.1a requires that GATE Program Summaries and Accountability Plans, as public documents, be available to parents and the community. Delegates to the district's 2004-05 Cluster Task Force recommended that Program Summaries and Accountability Plans be made available online in order to provide visibility of and accessibility to the educational efforts being made for gifted students in the school, the feeder pattern, and the district. Online access also aids feeder pattern communication and articulation.

Please send all materials to Rosa Covarrubias, GATE Dept., Madison HS, Bung. 6, or  
rcovarrubias@sandi.net.
